

48501 - Artwork Instructions

1. Place your artwork within the outlined box on the template. Ensure no part of the design extends outside the box, as it will not fit inside the sign holder.
2. Once your artwork has been placed, print it on an A4 sheet of paper.
3. After printing, use the box outline and trim marks as a guide to cut out the artwork neatly.
4. Finally, slide the folded insert into the Sign/Desk Name Holder Slanted.
